

FUGITIVE POPE

GOING UNDERGROUND

Vol. 2, No. 1

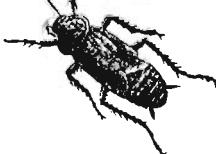

nothing or one dollar

January 1, 1991

THIS ISSUE: COCKROACHES, VERMIN, MISCELLANEA

Nobody did it better. **The Guinness Book of World Records** still cites Richard Nixon as the largest cockroach ever to infest Washington, DC. Nobody did it better. Sa-loot!

PRELIMINARY MATTERS

Fugitive Pope is a bimonthly publication issued on the first days of January, March, May, July, September, and November. Editorial focus is eclectica, detritus of the information age, and just plain old shit with an unabashed leftist tilt. Fascist/racist pig-dogs can suck the dry teat of immoral capitalism. (Capitalism can be moral, by the way.)

The numbering of this issue as "Volume 2, No. 1" reflects the editor's desire to tie each volume to a single calendar year. Volume 1 consists of issues 1-3 only.

Motto no. 1: Feel free to be offended by the contents. I don't mind at all.

Motto no. 2: If it seems amateurish, it's because it is.

PEE - PEE GO OUCH!

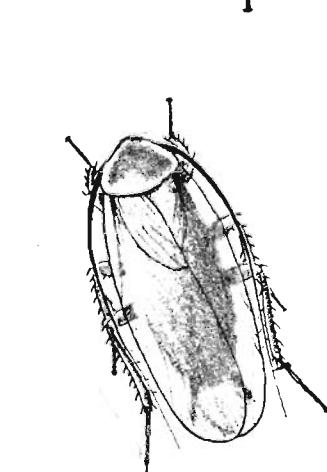

Dave Payton of Norwalk (nor run), California brought to my attention the existence of the Candiru (*Vandellia Cirrhosa*), a native of the Amazon. Related to the common catfish (mm ... good!), our 2.5 centimeter long friend has been known to follow a stream of uric acid (i.e., pee), enter the penis, extend its spiny gill covers (did I forget to mention Candiru has spiny gill covers?), and make itself quite at home imbedded in the hapless weiner. Inflammation, hemorrhage, and even death can result. Apparently, amputation is the only cure. To quote an ancient Cheech and Chong routine, "Bailiff, whack off his pee-pee!"

If the Candiru's behavior can be genetically, or otherwise, modified to engage in this painful behavior only when detecting urine, a market for swimming pool owners could no doubt be easily cultivated. Makers of those signs that say,

WE WON'T SWIM IN YOUR TOILET IF YOU
DON'T PEE IN OUR POOL

will be discommoded (sell stock NOW!!!!).

Plans to adopt the Candiru as **Fugitive Pope**'s official zine mascot are underway. The previous mascot, a spirochete the staff affectionately named "Agnew," will be permanently retired.

The problem

NAIL FUNGUS

The solution

FUNGI-NAIL®

Try this safe, simple, effective remedy for the pain and embarrassment of nail fungus. Fights thick, split, discolored nails. Two powerful anti-fungal agents fight infection on toenails and fingernails. Provides relief from the pain and eliminates the fungus. Easy to apply as nail polish. No prescription needed.

Do you use Artificial Nails?

Then you should use Fungi-Nail to prevent the nail fungus associated with artificial nails.

AMERICAN VERMIN

Horatio Alger was a pederast.

In 1864, Alger was appointed the clerical head of the First Unitarian Parish of Brewster, Massachusetts. The short, pudgy, balding 32 year old was apparently active in a wide range of church activities, including a more than occasional buggering of the parish boys. It wasn't until the 1970's that parish records were made public which brought Alger's preference for young, tender meat to light.

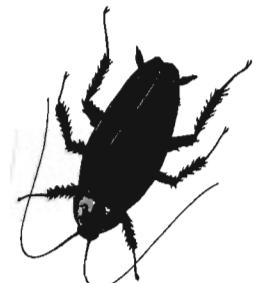

Members of the congregation had long noted Alger's enthusiasm for being with the boys. Initially, it was only passing curious that Alger, an eligible bachelor, paid no attention to the young women of the church. It took the congregation two years to become suspicious enough to appoint an investigative committee regarding Alger's comportment. What they discovered was described in official documents as acts with the boys "too revolting to relate."

When presented with the evidence, Alger showed a complete lack of contrition and merely stated that he had been "imprudent."

His clerical duties at an end, parishioners quashed the record for more than a century. In the meantime, Alger embarked on a literary career of writing about morality and hard work. He also dedicated a large amount of his time to New York City's Newsboys Lodging House.

No further record of Algerian transgressions have ever come to light. One can speculate that either Alger controlled his (especially at that time) dangerous urges, or that he was more efficiently discreet.

Horatio Alger, a real american cockroach.

Evan Meacham was a fascist pig-dog idiot.

Evan Meacham, impeached governor of Arizona (April 4, 1988), unlike Alger was not noted for discreetness. Appropriately, Meacham turned from a career as a used car salesman to one of politics.

By a teensy-weensy oversight by the Arizona State Government at that time, the Governor was elected by a plurality (40 percent) and not a majority, thus, Mechem was never the choice of most of the people of the state of Arizona.

When educators with brains pointed out that certain Arizona textbooks used the term "pickaninny," one offensive to african americans, Mechem defended the use of the word by saying that black friends of his called their own children "pickaninnies."

At one time Mechem requested a list of all homosexual employees of the state. A movement to recall Mechem preceding his impeachment was fueled by what he termed "the rich and powerful Arizona homosexual lobby."

Not one to play favorites by offending african americans and gays, Mechem described Japanese officials talking about golf as having "round eyes."

Alferd G. Packer ate Democrats.

Purportedly, Packer was the only person ever convicted of cannibalism in the United States. Munching his fellow man in Colorado, he has been honored by the University of Colorado where the main cafeteria bears his name.

Upon sentencing on Friday, April 13, 1883, Judge Melville B. Gerry shouted, "You voracious man-eating son-of-a-bitch. There was seven Democrats in Hinsdale County and you ate five of them. God damn you! I sentence you to be hanged by the neck until you are dead, dead, dead as a warning against reducing the Democratic population of Hinsdale County. Packer, you Republican cannibal! I would sentence you to hell but the Statutes forbid it!"

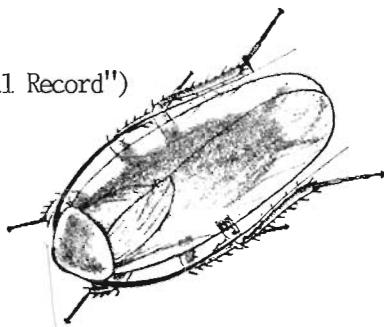

Richard Nixon's just your basic political scumbag.

It's nice to have your own zine. You can say what you want with no editorial interference. Fascist pig-dog Richard Nixon has a nice ring to it. So does scumsucking jerkbrain Ronald Reagan. Or how about, sniveling, cringing, whining, son-of-a-curlapping-vomit Dan Quayle? Or people-hating, heartless, snot nibbling Maggie Thatcher? And finally, if-they-told-him-to-bite-his-dick-off-he'd-probably-do-do-it George Bush.

POEM FOR OUR BOYS

(Originally from a 1954 "Congressional Record")

Win the War

Win the War,
There's nothing comes before;
Win, win, win the war.
This vital call rings clarion-clear
To all who have the will to hear,
To all who hold their country dear;
To every woman, child, and man,
To every American —
Win the war.

Win the War,
There's nothing comes before;
Win, win, win the war.
This goal transcends all civil strife,
Now that the need is doubly ripe,
Now that the millions fight for life;
So let each woman, child, and man,
Let every American —
Win the war.

Win the War,
There's nothing comes before;
Win, win, win the war.
The soldier fights where hell holds sway,
He bleeds through twice twelve hours a day,
He dies with duty his aim and pay;
Then have each woman, child, and man,
Have every American —
Win the war.

Win the War,
There's nothing comes before;
Win, win, win the war.
The fronts abroad and home are one,
A shot may mean we've lost or won,
Whate'er your part be sure it's well done;
Then may each woman, child, and man,
May every American —
Win the war.

Win the War,
There's nothing comes before;
Win, win, win the war.
The strike's a sword at each one's breast,
He serves himself who serves the rest,
The country of all, by all be blessed;
So must each woman, child, and man,
Must every American —
Win the war.

STANDING NAKED ON THE PARADE PLATFORM, WHITE BOY ADDRESSES EVERY VETERAN'S DAY PARADE

Let me say to you this day of Veterans who died, fucked, walked, got shot a little bit and a lot, of Veterans who read comic books, listened to the World Series on the Armed fucking Forces Radio, defended our country from shared wealth, from mixed-up races, defended us from big bombs but made sure other countries got hit with even bigger bombs, who wore dumb-looking uniforms, but were also ready to get real good benefits because they wore them, even today as you look to your left and you look to your right, and you look in the gutter over there and even down on your own too-tight, baggy-assed, shit-stained pants and remember, we must always remember, you dumb mother-fucks that this day is our Veteran's fucking Day to celebrate the fucking fact that our Country will always, I mean always provide enough wars to have enough Veterans to have another fucking parade at least as good as this for ever and ever!

FACTSHEET FIVE #38 on FUGITIVE POPE v. 1, no. 1:

"Targeted at snickering 13 year old white males, this explores blowing sperm through your nostrils, peeing, and Andrei Codrescu."

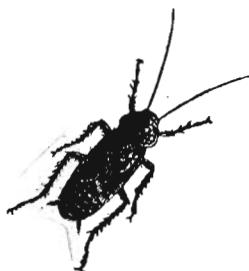

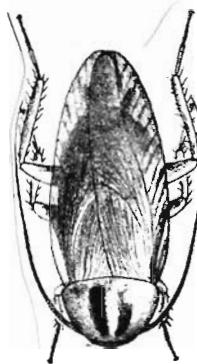

FACTSHEET FIVE #38 on FUGITIVE POPE v. 1, no. 2:

"... we are regaled with the creator's critique of Racism ("It sucks."), pipedreams of tampon marketing and a lit-crit of their application instructions and facetious collage cartoons, including a pope-spewing penis centerfold."

FACTSHEET FIVE #39 on FUGITIVE POPE v. 1, no. 3:

"Tales of librarian bizarrities and adventures from Muns, a Library Science grad student. Herein we find "The Mad Shitter" whose delight in defecation shocked a UCLA library, sublime answers to real questions posed at a reference desk ("Where do you keep the lists of dead babies' names?") and slang terms for narcotics. Fun in academia."
